

THE PRIVATE EYE®

SUMMER COURSE 2015

Integrating the Common Core and NGSS
— through The Private Eye® K-12

Give your students a wallop of wonder and mystery!

Dates: July 27th-31st Monday-Friday **Time:** 9:00 - 4:00

Credits: Total 3 graduate credits, Portland State University
Optional: Follow-Up Sessions 2015-16 (1 credit)

Location: Intel STEM Center 18640 NW Walker Road, Entry B, Beaverton, OR

Instructors: Kerry Ruef, Founder of The Private Eye Project; David Melody, Assoc. Dir;
Carol Biskupic Knight, Curriculum Specialist; STEM Teachers Academy, Director

Course Description:

Dandelions! Crickets! Eyeballs! Use a jeweler's loupe, everyday objects, simple questions, and thinking by analogy to go REALLY close up — and develop the essential skills of a scientist, mathematician, writer, and artist in all your students. Explore this acclaimed, hands-on program to promote creativity and critical thinking in your classroom. You'll magnify minds all year!

- ✿ Watch habits of close observation bloom
- ✿ Boost student engagement & focus
- ✿ Employ an interdisciplinary method to accelerate learning
- ✿ Develop students who naturally write across-the-curriculum with high level results
- ✿ Integrate NGSS crosscutting concepts of: patterns, cause and effect, scale and proportion, structure and function, and systems
- ✿ Deepen scientific and mathematical inquiry and content knowledge
- ✿ Make **CCSS & NGSS** come to life
- ✿ **As part of a grant, receive a set of Private Eye jeweler's loupes**
